REPORT on immunglobulin_m # Histogrammer

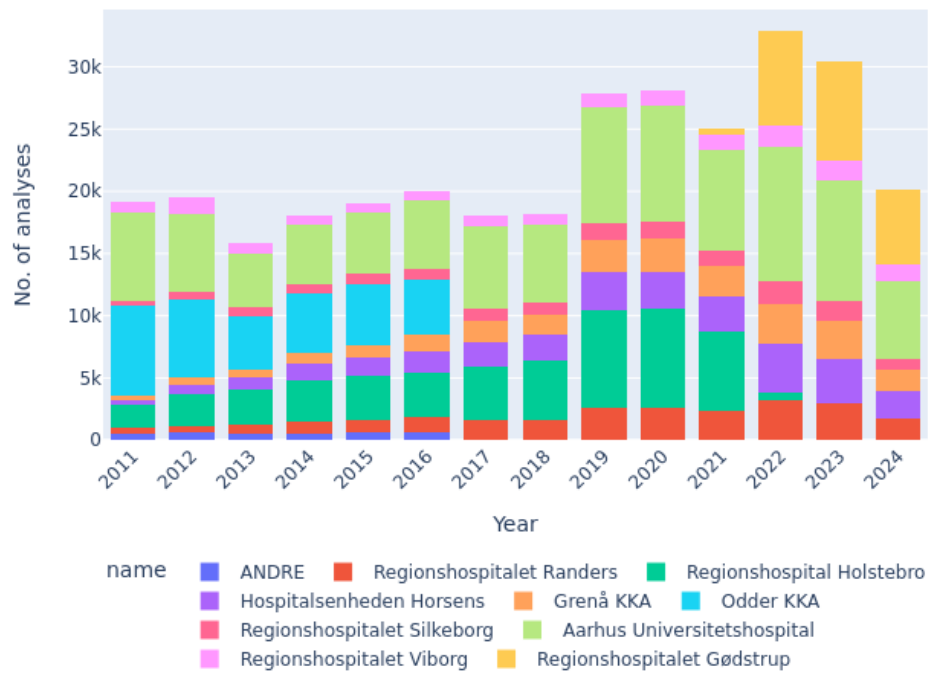

Stacked bar chart showing the distribution of analyses (%) by region from 2004 to 2025. The regions are UKENDT (blue), HOVEDSTADEN (red), SJÆLLAND (green), NORDJYLLAND (purple), MIDTJYLLAND (orange), SYDDANMARK (cyan), and NATIONAL (pink). The chart shows a significant increase in the proportion of analyses from the UKENDT region starting in 2011, while other regions show varying degrees of decline or stability.
